

Mini Scrapbook Cut-Outs: Small Treasures

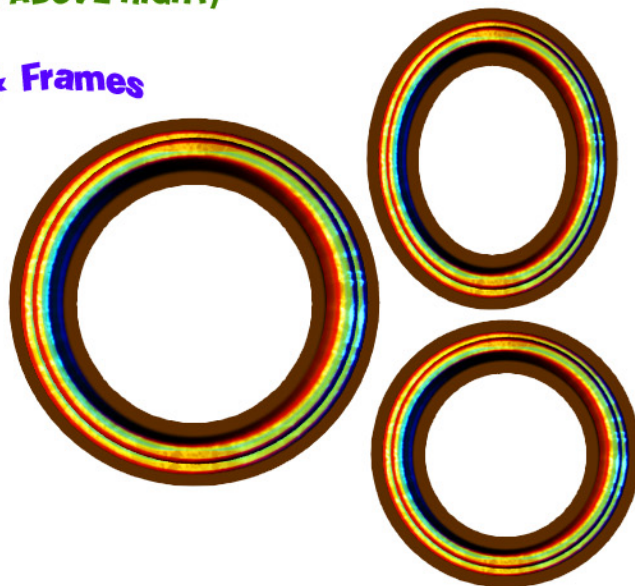

a scrapbook tip:

just have FUN!

Most of these cut-outs have extra **WIDE** outlines.
 You can trim **ALL** the outline off, like the image above on the **LEFT**.
 Or you can leave a thin outline around the full edge, like the one in the **CENTER**.
OR, you can leave a little more outline on the bottom than the top, to give the effect of a **"DROP SHADOW"**. (**ABOVE RIGHT**)
